1.1 The Professional Development Procedure addresses measures to ensure that AIHE plans and manages the development, review and performance of its staff, and provides appropriate opportunities for professional and/or academic development of staff.

2.1 The Professional Development Procedure applies to all permanent part-time, full-time and sessional staff of AIHE.

## **3. ONGOING PROFESSIONAL DEVELOPMENT**

3.1 Staff will be provided with ongoing internal feedback on their performance and provided with opportunities to develop their skills and abilities.

3.2 Professional development events or programs will be provided in-house and will be informed by AIHE's strategic goals and priorities. The General Manager will approve such events or programs proposed by functional and organisational units will provide work time for staff to attend such programs or events.

3.3 At the end of each study period academic staff will receive a summary of the Teaching and Subject Evaluation Survey (TSES) results for subjects that they delivered. The Head of School will meet informally with teaching staff to analyse the TSES data with a view to making improvements to subjects and teaching.

## **4. INDIVIDUAL PROFESSIONAL DEVELOPMENT PLANS (IPDP)**

4.1 Annually, staff will participate in a performance review session with their direct supervisor or manager. Where possible, this will be conducted as an open, collaborative discussion which provides constructive feedback and learning opportunities for both parties.

4.2 Evaluation of past performance will include:

- review and update of role and responsibilities
- progress and achievement of previous year's goals and individual personal development plan (IPDP)
- evaluation of skills and behaviors relevant to role and responsibilities. For academic staff this will include TSES results.

4.3 Planning for the coming year will include:

- setting of professional goals for the year ahead
- discussion of IPDP for the ensuing year
- manager's overall evaluation.

4.4 Discussions and planning of the staff's professional and career development will consider options such as undertaking short courses, further studies, performing higher duties, on-the-job training, coaching, mentoring, attending conferences or other continuing professional development activities.

4.5 Staff will then, in consultation with their direct supervisor/manager, propose an annual IPDP for approval by:

- General Manager for professional staff
- Head of School for academic staff.

4.6 Staff are responsible for actively implementing their IPDP, recording professional development activities undertaken and summarising progress and outcomes.

4.7 The IPDP will be reviewed at least annually as part of the performance planning and development process.

4.8 AIHE will provide templates for IPDP and progress reports.

4.9 Supervisors are responsible for ensuring the effective planning, support, monitoring and implementation of IPDP's.
